According to The American Recovery and Reinvestment Tax Act of 2009 (ARRTA) with guidance from IRS Notice 2009-53 these HearthStone models of Biomass-Burning Stove are "Qualified Energy Property" (Wood or Pellet Stove or Insert) as defined in Section 5.01(5), and therefore meets the >75% LHV Efficiency. The data for this certification came from the EPA Methods 28A and 5H testing that was performed on a representative sample by a third party EPA accredited laboratory. Please talk to your tax advisor and or see the tax code for specific information on how this may affect you.
